

PRIMETECH ACCUMULATORS (Pvt.) Ltd.,

AN ISO 9001:2015, ISO 14001: 2015 & OHASMS 45001: 2018 COMPANY

papipower.com

WHO WE ARE

Prime Tech a leading manufacturer of premium tubular batteries designed to deliver exceptional performance and reliability. Our team is dedicated to creating innovative energy solutions that meet the highest standards of safety and efficiency. With a commitment to excellence, we focus on delivering products that are durable, long-lasting, and capable of withstanding diverse environments. At **Prime Tech** we aim to empower industries with cutting edge technology and unmatched customer service, making us a trusted partner in energy storage solutions.

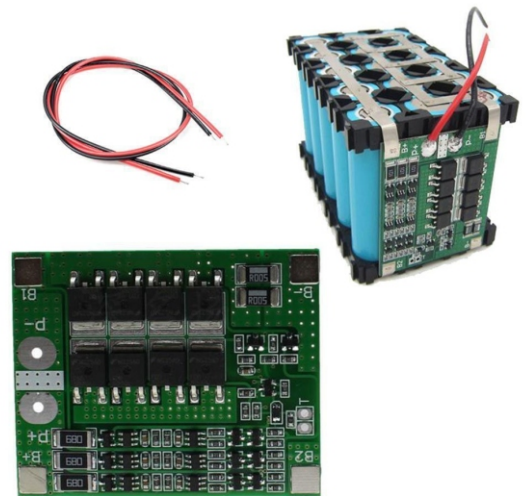

Prime tech accumulators pvt ltd was founded in 2002 by technocrats who have strong technical back ground and served in the same industry for over a decade.

The Directors are Qualified young Engineers with a greater vision in creating a Brand and be competitive in the industry.

papipower.com

- ▲ Compact design
- ▲ Low self-discharge rate
- ▲ High-scale current
- ▲ Free-form toxic materials
- ▲ Fossil Fuel-free society

Built in Protections Available

- 1) Over Charge Protection
- 2) Deep Discharge Protection
- 3) Cell Balancing
- 4) Short Circuit Protection
- 5) Over current protection
- 6) Reverse polarity protection
- 7) Over Temperature protection

LiFePo₄ Batteries Wide Range Of Application

PRIME tech manufacture widest range of LiFePo₄ Batteries to serve nations widest market of Electric Vehicle. **PRIME tech** LiFePo₄ Batteries extensively used in - E-Cycles, E - Scooters, E-Bikes, E Autos, Golf carts, Fork Lifts, Skateboards, Hover board, Electric wheelchairs etc.

PRIME tech caters widest EV Manufacturers, EV Dealers, EV Showrooms and EV Solution Providers in entire part of India.

LiFePo₄ Batteries ADVANTAGES

- Long life: 3 to 6 years
- Quick charging: 2 to 3 hrs
- Good mileage
- Customizable dimensions and features
- Light weight and compact
- Highly efficient
- Easy replacement
- No maintenance

Available Chemistries: PRIME LiFePo₄

Available Voltage Ranges:

Lithium Ion:	25.9V,	36V,	48V,	51.8V,	59.2V,	62.9V.	72V		
LifePo ₄ :	25.6V,	35.2V,	38.4V,	48V,	51.2V,	60.8V,	64V,	73.6V.	76.8V
Available AH Ranges:									
All AH Multiple of :	2.5AH,	2.55AH,	2.6AH,	2.9AH,	3AH;	From 5AH to 200AH			
LifePo ₄ : All Multiple of		6AH,	10AH;			From 6AH to 200AH
